PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

No. 2.—(1) In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates.

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter the Indian Military Academy, Dehra Dun, or the Royal Air Force College, Cranwell, England with a view to obtaining Commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life. The course of study at the College will, however, be such that should a boy fail in the Army and Air Force Entrance Examination he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India;

(b) Indian States.

Nominations will be made by His Excellency the Commander-in-Chief on the recommendation of two of the Local Government or Administration or the Political Officer, as the case may be.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 30th January 1933.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a Brigade Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with the Appendix A to this notification.

(5) The fees will be Rs. 3,500 for each school year and are liable to enhancement hereafter, if circumstances so require. These fees will include tuition, messing, school servants, washing and mending and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it be considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

Parents or guardians of candidates who are sons of Indian Officers of good service are informed that owing to the present financial stringency no reduction of fees will be granted for some years to come.

(8) Entry to the College will not be open to candidates who are already married.

(7) Parents or guardians of candidates are required to attach to the application a declaration in the following form:—

"I, ... father / guardian of ....., a candidate for admission to the Prince of Wales Royal Indian Military College, Dehra Dun, declare that it is my desire that my ward / son should make the Army his profession in life.

"I, ... father / guardian of ....., a candidate for admission to the Prince of Wales Royal Indian Military College, Dehra Dun, hereby declare that my ward / son is unmarried and that he will remain a bachelor whilst at the College and until he has completed, subsequently a course at the Indian Military Academy, Dehra Dun, or the Royal Air Force College, Cranwell, England."

Signature of parent or guardian.....

(8) One general mess will be maintained. All students will be required to mess together. Special care will be taken that no food is served in the mess which could in any way affect the religious susceptibilities of any student.

(9) All applications should be submitted to the Private Secretary to His Excellency the Governor of Madras, Madras Governor's Camp, not later than the 15th November 1932 in the form below. No applications received after the 15th November 1932 will be considered.

NOTIFICATIONS.

Fort St. George, September 19, 1932.

No. 1449.—The following rules relating to the appointment of honorary medical officers in Government medical institutions issued in G.O. No. 1010, P.H., dated 29th July 1932, are hereby published for general information :—

Rules relating to the appointment of honorary medical officers in Government hospitals in the Madras Presidency

1. Honorary medical officers will be appointed to all Government hospitals in Madras City and to all Government headquarter hospitals. In the case of medical institutions at divisional centres, the appointment of honorary officers will ordinarily be restricted to those institutions where only one medical officer is employed. Appointments will be made by the Government on the recommendations of the Surgeon-General.

2. Whenever it is proposed to make an honorary appointment in any hospital, due publicity should be given to such proposal by publication in the notice board of the hospital concerned (and in the office of the District Medical Officer in the case of mofussil hospitals) and otherwise. Applications should at the same time be invited and out of those received the best should be recommended.

3. Medical officers desirous of honorary appointments in special subjects but who have not had the special training necessary to give them proficiency in that subject will be permitted to undergo training without payment of fees at one of the Government Medical Colleges or hospitals attached to a teaching institution for the period considered necessary by the Surgeon-General provided they execute a bond to serve the Government as honorary medical officers in that specialty for a minimum period of two years on completion of the training at a place to be agreed to beforehand by the applicant and the Surgeon-General. The officers will not be entitled to any travelling allowance for journeys which they may undertake in that connection.

4. Honorary officers with special qualifications will, as far as possible, be placed in independent charge of special departments, *e.g.*, (i) eye, (ii) ear, nose, and throat, (iii) radiology, (iv) venereal diseases, etc., and given full scope to work up successful clinics.

5. *Designation.*—Honorary medical officers appointed to hospitals which are attached to teaching institutions and to those which are not so attached will be designated as follows :—

(1) Clinical assistants.

(2) Honorary assistant surgeons or honorary assistant physicians.

(3) Honorary physicians or honorary surgeons.

Honorary medical officers appointed for a specialty such as ophthalmology, ear, nose and throat work, pathology, radiology, venereology, dermatology, including leprosy work will be appointed to one of the above three grades with further indication as to their speciality.

6. Ordinarily an honorary medical officer will start from the lowest grade and gradually work up; but in exceptional cases and for special reasons the recommending authority may propose deviations from this course. Medical graduates who have served as house surgeons and house physicians and have been successful as may be successful in the competitive examination for Assistant Surgeons held in the year 1929 or subsequently will be permitted to count service as an honorary assistant surgeon or assistant physician.

7. *Qualifications.—A. Hospitals not attached to Teaching Institutions.*—A candidate for appointment as honorary surgeon and honorary physician in a hospital which is not attached to a teaching institution should satisfy one or more of the following requirements:—

(a) That he has held hospital or other appointments affording special opportunities for acquiring special skill and experience of the kind required for the performance of the service rendered, and has had a good record of practice in peril during the service rendered or services of a similar character, or

(b) that he has had special academic or post-graduate study which encompasses the service rendered and has had actual recent practice as aforesaid, or

(c) that he is generally recognised by other practitioners in the area as having special proficiency and experience in a service which comprises the service rendered.

B. Hospitals attached to Teaching Institutions.—A candidate for appointment as clinical assistant in a hospital attached to a teaching institution should hold the degree of M.B.B.S., or its equivalent. A candidate possessing the L.M.P. diploma or an equivalent qualification may however be appointed in exceptional cases as clinical assistant in a hospital attached to a teaching institution for incurables or in a hospital for special subjects. A candidate for appointment as honorary assistant surgeon or honorary assistant physician should have graduated as a clinical assistant for a minimum period of two years from which one year may be deducted for service as a house surgeon or house physician. A candidate for appointment as honorary physician or surgeon should possess one of the following academic qualifications: M.D., M.S., M.R.C.P., F.R.C.S., F.C.O.G. or one of the special diplomas signifying skill in the speciality of his appointment. The age-limit for appointment is fixed at 60 years.

8. *Tenure of appointment.*—The minimum period that an honorary medical officer should spend as clinical assistant is two years and the maximum five years. If he has served as house surgeon or house physician in a hospital approved for the purpose by the Surgeon-General he will be allowed to shorten his period as clinical assistant by a maximum of one year. No period less than six months as a house surgeon or house physician will be counted towards the deduction of the period to be spent as clinical assistant. There will be no limit but for the tenure of his other two grades of honorary appointments.

9. *Duties.*—Honorary officers should conform to the rules in force in the hospital in which they are working in so far as they relate to the care of patients.

10. Honorary surgeons and physicians will be placed in charge of a specified number of beds for surgical and medical cases respectively and they will be entirely responsible for the treatment and care of the patients in their charge. They should visit the patients in their charge daily or more than once daily should that be necessary except on Sundays and answer all emergency calls relating to these patients on Sundays. In the hospitals which are attached to teaching institutions, the honorary officers will be responsible for imparting clinical instruction to students in connexion with the beds in their charge in accordance with such plans as may be laid down by the professor in charge of the medical or surgical unit or by the Superintendent of the hospital.

11. In the case of large hospitals, the honorary surgeon or physician will be given an assistant to help him, who may also be an honorary worker.

12. Honorary clinical assistants, honorary assistant surgeons and honorary assistant physicians will perform such duties as may be assigned to them. The allocation of these duties either in the in patient or out-patient department or in both will be made by the Superintendent of the hospital in the case of hospitals in the Madras City and at the district headquarters and by the District Medical Officer in the case of other medical institutions at divisional centres. An appeal shall, however, lie to the Surgeon General against the allocation so made.

13. *Hours of attendance.*—Honorary medical officers who have charge of hospital beds should attend the hospital daily except on Sundays. Those who have only out-patients in their charge may attend daily but need not attend after previous arrangement with the Superintendent of the hospital and the District Medical Officer more than three days a week. In the case of hospitals attached to teaching institutions the honorary officers should be present at the respective hospitals on such days and at such hours as may be necessary for the proper instruction of the students. In the case of other hospitals honorary medical officers should make their hospital visits during the recognized hospital hours.

14. Honorary clinical assistants, honorary assistant surgeons and honorary assistant physicians should attend the hospital at such hours as may be fixed by the Superintendent of the hospital in consultation with the honorary officer concerned the approval of the Surgeon-General.

15. If for any reason the honorary officers are unable to attend during the prescribed hours they should inform the Superintendent or medical officer in charge in time to enable him to arrange for their work.

16. Honorary medical officers will issue the necessary certificates for patients under their treatment but should not except at the special request of the Superintendent or in the absence of the senior medical officer in charge deal with any case in the in-patient or out-patient department other than those assigned to them as with the other miscellaneous work of the hospitals.

17. *Reports on officers.*—On the 31st January of each year, District Medical Officers and Superintendents of Presidency Hospitals should submit to the Surgeon-General in the form prescribed by him confidential reports on all honorary officers serving under them.

18. *Leave.*—Honorary medical officers may be granted casual leave up to fifteen days in a year by the Superintendents or medical officers in charge of the hospitals. They may be granted leave of absence other than casual leave by the Surgeon-General if he is satisfied that arrangements can be made for carrying on their duties without extra expenditure to Government. In such cases, the honorary officers will be considered to have a lien on their appointments during the period of leave and they will be allowed to resign their appointments on the expiry of the leave. If no such arrangements can be made, the honorary officers should be instructed to resign their appointments and fresh appointments should be made in their place.

19. *Transfer.*—Honorary medical officers in Madras City will be liable to transfer from one institution to another at the discretion of the Government.

20. *Termination of appointment.*—The appointments will be terminable by three months' notice in writing on either side.

21. *Re-employment.*—Honorary officers re-employed after discharge will be re-accepted into their former rank.

22. *General rules.*—Honorary officers will be allowed the use of the respective hospital libraries and in the case of teaching institutions, of the libraries of the college or school attached to them.

23. They must abide by the Government rules in force in regard to the acceptance of fees from patients by the staff of the hospital.

24. The entire management and control of the hospitals and the discipline of the staff are vested in the respective Superintendents or medical officers in charge. Honorary officers will be expected to observe all rules in force or issued from time to time and to report all instances of neglect or dereliction or other breaches of discipline relating to their wards to the Superintendents or medical officers in charge who will deal with them. They may freely consult the Superintendents or medical officers in charge on any points in respect of which they consider the rules to admit of improvement but must abide by any decision the latter may arrive at.

The Superintendents and medical officers in charge of the hospitals should give full scope to the honorary workers and endeavour to make the scheme a success.
